

Model CL-60P

Amplified Cordless Phone with Talking Caller ID and Photo-memory Speed-dial

Model CL-60P offers the best of both worlds—the mobility and convenience of a cordless phone with the clean, clear sound a corded phone provides

Features:

- It combines the convenience of a cordless and the clean, clear sound of a corded telephone
- Large photo-memory keys for easy speed dialing
- High performance speakerphone in the base makes every call loud, clear and easy to understand
- Cordless handset increases incoming sound up to (50+dB) 300 times louder
- HDS (Hi-Definition Sound) technology makes every word crisp and clear
- Digital Tone Control enhances tone of voice, making difficult words easy to understand
- Talking Caller ID with call-waiting announces incoming caller's number
- Large back-lit keys "talk-back" to affirm the correct key was pressed
- Easy to use phone book and call log
- Three one-touch speed dial buttons for fast calling
- One-touch call-for-help button and hands-free emergency call feature
- High performance handset speakerphone
- Bright ring flasher and super loud ringer on handset and base
- DECT 6.0 technology provides superior range, allowing interference-free calls
- Battery back-up for full operation during power outage
- Output jack for tele-coil, neck-loop and other assistive accessories for hearing aid and cochlear implant users
- Hearing aid compatible handset
- Expandable up to five (5) handsets (sold separately)
