

# CLARITY<sup>®</sup>

## AlertMaster

- Sensors monitor and provide remote visual alerts to the doorbell, telephone calls and the sounds of babies or young children from anywhere around your home
- Alarm clock with snooze and vibrating alert features to wake the deepest of sleepers
- The motion detector will monitor a large area and notify you of any unexpected movement
- Flashes a connected lamp and shakes your bed to alert you to activities within the home
- Various accessories allow you to customize and expand the system for your specific household or lifestyle needs
- Simple setup - no hardwiring required, just plug it in

## Visual Alert System
