

PHOTO50

Photo Memory Dial Amplified Telephone with Digital Answering Machine

Clear Features:

- 3 Pre-programmed "photo frame" buttons to store favorite pictures for easy recollection of faces and easy dialing
- Speakerphone in base
- 40 dB Adjustable Handset Amplification with tone control
- Remote room monitoring - allows you or family members to dial in to "Listen in"

Digital Answering System

- Excellent sound quality
- Playback through handset or base speakerphone
- Amplified up to 40 dB through handset
- 14 Minutes of Digital Recording Time
- Call Screening/Intercept - Allows you to listen to incoming callers leaving a message without answering the call. To answer the call, simply pick up any phone on the same line
- Remote Access - Listen to your messages; change your outgoing announcement and more by calling in from any touch-tone phone
- Time/Day Stamp - Announces the time and day of each message before playback
