

Comfort Duett®

The compact multipurpose personal amplifier

Bringing you closer together

The compact multipurpose personal amplifier.

The Comfort Duett® is a small and easy-to-use, rechargeable assistive listening device that features:

- Sleek and compact ergonomic design
- Simple, intuitive layout and functionality
- High fidelity digital signal processing
- Built in telecoil for use in looped environments

The Comfort Duett can be used with headphones, earbuds or a neckloop for those who use hearing aids with a built in T-coil.

All this makes Comfort Duett® the ideal communication tool for a majority of users.

The Comfort Duett can amplify telephone calls, when watching TV or other media sources via the charging dock.

Telephone, TV and Audio accessories are available.
