iL-100 instaLINK
Technical Specifications

Bluetooth ....Version 4.0 or later
Syncing......................................iOS 8 and up
                                               Android 4.4 and later
Display ....OLED
Transmit Power ....Class 2
Paired Devices ....Up to 5 (max)
Effective Range ....Approx. 10m (33 feet)
Installed Battery........................3.7V Li-PO rechargeable
Usage Time ....Approx. 4-7 days based on usage
Battery Charge Time ....Approx. 2-3 hours
Charging cable ....USB Type with Special Clip
Charging Voltage 5VDC 500mA
                                               5VDC USB AC adapter (not included)
Operating temperature.............0 to 50° C
Waterproof Grade ....Splash resistant
Dimensions ....Approx. 45x25x10mm plus band length
Weight ....Approx. 1 oz. (with battery)
