

Transmitter Digital Doorbell

Connects to digital doorbell systems, signals you to visitors.

Receive an alert when a visitor comes to your home with the Medallion™ Series Digital Doorbell Transmitter. Designed for use with an existing system and easy to install, it connects in just minutes to the doorbell circuitry and is activated by the same electric impulse that operates the chime. It then notifies any Medallion™ Series Receiver to let you know when a family member, friend or delivery person is at your door.

A better way to stay in touch™

Features/Benefits

- > Connects to the latest digital doorbell systems
- > Activates by the same signal that operates the doorbell chime
- > Works with all Medallion™ Series Receivers
- > Operates with million-code technology designed for apartments, condominiums, dormitories, hotels and public housing to ensure you never get fault alarms from neighbors using other RF-based products; also ideal for use in single-family homes
- > Operates on two (2) AA batteries (included)
- > Includes a low-battery indicator light
- > Features the Silent Call 5-Year Limited Warranty

Specifications

Power: Two (2) AA batteries (included)

Range: Up to 500 feet, depending on conditions or receiver used

30-Day Return Policy If Not Completely Satisfied

5-Year Limited Warranty: This Silent Call product is warranted to be free of defects in material or workmanship for five years from the date of initial purchase. During that time, the unit will be repaired or replaced free of charge (three- to five-day turnaround) when shipped prepaid in original packaging to Silent Call Communications. This warranty is void if the defect is caused by customer abuse or neglect.
