

# Transmitter Door/Window Access

## Someone opening a door or window? Gain an immediate alert.

When a person opens your door or window that you're monitoring, you'll receive an instant notification with the Medallion™ Series Door/Window Access Transmitter. It connects by wire to two magnetic contact bars mounted on the door or window and its frame. When the door or window is opened and the bars lose magnetic contact, the transmitter broadcasts a signal to any Medallion™ Series Receiver, alerting you to the event. Easily installed, it operates on two AA batteries.

### Features/Benefits

- > Signals when a door or window is opened
- > Works with all Medallion™ Series Receivers
- > Operates with million-code technology designed for apartments, condominiums, dormitories, hotels and public housing to ensure you never get fault alarms from neighbors using other RF-based products; also ideal for use in single-family homes
- > Magnetic bars mount on a door or window and its frame
- > Connects the bars to the transmitter with a 24-inch wire
- > Operates on two (2) AA batteries (included)
- > Includes a low-battery indicator light
- > Features the Silent Call 5-Year Limited Warranty

### Specifications

**Power:** Two (2) AA batteries (included)

**Range:** Up to 500 feet, depending on conditions or receiver used

### 30-Day Return Policy If Not Completely Satisfied

**5-Year Limited Warranty:** This Silent Call product is warranted to be free of defects in material or workmanship for five years from the date of initial purchase. During that time, the unit will be repaired or replaced free of charge (three- to five-day turnaround) when shipped prepaid in original packaging to Silent Call Communications. This warranty is void if the defect is caused by customer abuse or neglect.
