

Transmitter TransMATTer™

Features/Benefits

- > Signals when someone steps on a mat at doorway or bedside
- > Works with all Medallion™ Series Receivers
- > Operates with million-code technology designed for apartments, condominiums, dormitories, hotels and public housing to ensure you never get fault alarms from neighbors using other RF-based products; also ideal for use in single-family homes
- > Connects the mat to the transmitter with a 10-foot cord
- > Operates on two (2) AA batteries (included)
- > Includes a low-battery indicator light
- > Features the Silent Call 5-Year Limited Warranty

Alert yourself to movement through a doorway, or at a bedside.

To receive notifications, place the Medallion™ Series TransMATTer™ Transmitter under a doormat or bedside rug. Weight activated, it sends a wireless signal to any Medallion™ Series Receiver when a person enters or exits a room, or when someone such as a child, elderly individual or patient gets out of bed. As a result, it is ideal for use not only in homes, but also in hospitals, nursing facilities and even noisy business settings.
