

# Sound Signaler USS360

The new USS360 Universal Sound Signaler now has similar features found only in the SA201 and TR75. With a lighted switch, "pluglet" & new design the USS360 is now a full functioning desktop signaler. The USS360 will alert you to any important sound - phone, telephone, kitchen timer, baby etc. The USS360 alerts you by flashing a lamp or light "ON and OFF" that is plugged into its "pluglet" as well as in other rooms where Sonic Alert remote receivers are located.
