3. Apple EarPods® with In-Line Microphone

Teltex In-Line Amplifier

Amplifier for phones, tablets and computers

Option 1

Option 2

Option 3

This simple, portable hardwired in-line amplifier is perfect for individuals who need excellent quality audio amplification from their cellphone, tablet, or computer.

The portable compact size makes this amplifier convenient to carry and amplifies sound without distortion.

This amplifier is a simple plug and play device that doesn't require any special settings or Bluetooth™ connectivity.

It's perfect for phone calls, Zoom meetings, FaceTime®, telehealth applications, Skype, conferences, videos, music, and more.
