

# Personal Audio Enhancer™

## PAE-300

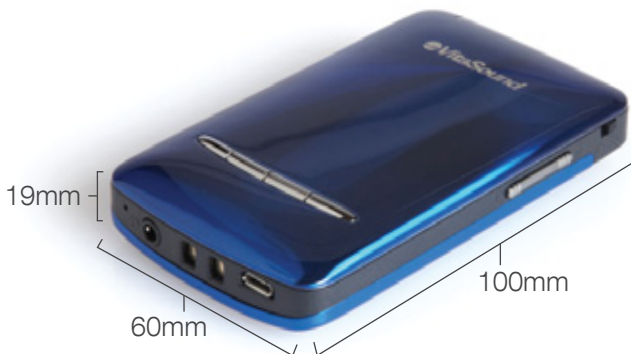

### Helping BOOMERS Hear Better!

#### A Multi-Functional Audio Enhancement Device.

The Personal Audio Enhancer (PAE-300) by VitaSound is a multi-functional audio enhancement device, which allows users to hear better in situations where background noise or low-sound levels make hearing difficult. Powered by Neuro-Compensator®, a patented hearing technology, the PAE-300 doesn't just amplify sound, it enhances sound quality and provides a natural listening experience. The handset boasts a sleek, lightweight design that is built to last, and comes with high-end earphones that offer style and comfort.

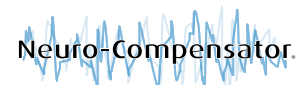

#### Making Life Sound Better.™

The Personal Audio Enhancer (PAE-300) makes life sound better. Whether in noisy environments such as restaurants, busy streets, and crowded rooms, or during those quiet moments such as watching TV, chatting on the phone, and even enjoying the sounds of nature, the Personal Audio Enhancer (PAE-300) allows users to hear better in everyday, hard-to-hear listening situations. User's benefit from improved sound quality and a natural listening experience.

#### Powered By Patented Neuro-Compensator® Technology.

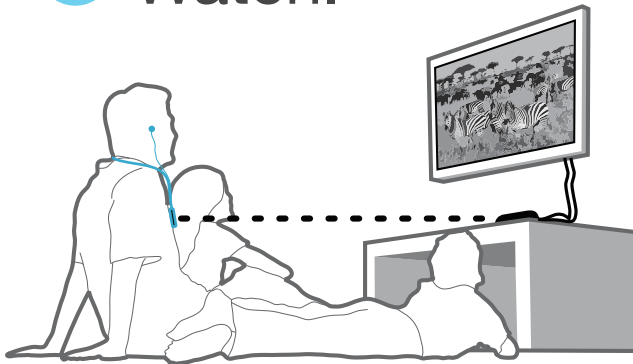

Using leading-edge brain science, patented Neuro-Compensator® technology enforces an optimal electrical signal from the root of the auditory nerve to the brain. Delivering advanced sound-clarity and providing a very natural listening experience.

# High-Definition Sound For Everyday Listening Situations.

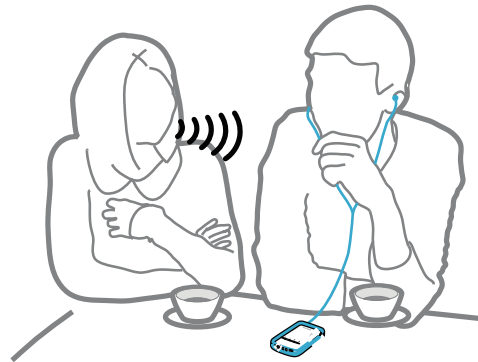

## Watch.

Need to crank up the volume to enjoy your favorite show? The PAE-300 connects wirelessly to TVs, allowing users to enjoy clear and crisp sound, in full stereo within a 33 foot (10 meter) range with no line-of-sight requirements.

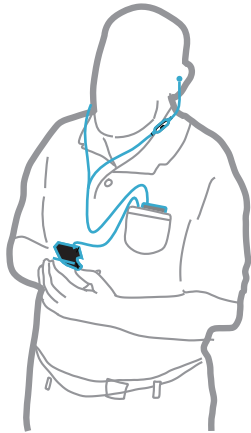

## Talk.

Have trouble hearing in noisy environments? Leveraging advanced noise-reduction and feedback suppression technology, the PAE-300 makes it easy to understand speech when communicating in busy surroundings.

## Listen.

Find it difficult to hear sound clearly when using a cell phone or MP3 player? The PAE-300 delivers amplified, clear sound with reduced background noise, making it easy to chat on the phone or listen to music.

## Relax.

Need to get away, relax, enjoy the sounds of nature? The PAE-300 comes pre-loaded with a mix of high-quality nature sounds, providing high-definition sound therapy that is perfect for relaxation, meditation, or sleep.
